

DENNY PRICE FAMILY YMCA BASKETBALL SAFETY GUIDELINES

- The YMCA requires all game and practice viewers to wear a face mask or covering. Masks must be worn by players before and after games.
- No one should attend practice or a game if not feeling well, has a fever, currently under a quarantine, or has been in contact with someone with COVID-19 in the last 14 days. Personal health and safety are the responsibility of all parents, players, volunteers, and spectators.
- If a positive COVID-19 test is reported to the YMCA, teams impacted will be notified, while keeping the individual's identity confidential.
- Game balls will be wiped down after each game by YMCA staff.
- Games will be scheduled with transition time to allow time for teams to clear the court and for staff to disinfect & clean. Please do not arrive early and crowd exiting teams or interfere with staff cleaning.
- Basketball gym capacity is limited. We encourage only one spectator, with a maximum of two spectators per participant when possible for indoor sports.
- Players should not share water bottles and drink containers.
- Players should practice social distancing when off the court.
- Avoid having large group team meetings before or after the game. When meeting, practice social distancing.
- Uniforms should be washed as soon as possible after the game.
- To ensure participant health and safety, as well as enjoyment of our facility and programs, we will continue to review and update these guidelines regularly to remain in line with federal, state, and local guidelines. please visit our website for up to date information.
